CURRENT APPROVALS FOR QUANTITIES OVER 186 PER MONTH

Currently, coverage of underpads, diapers/briefs or protective underwear/pull-ons for quantities in excess of 186 per month requires an approved prior authorization request for reimbursement of services. Prior authorization requests that are submitted and approved prior to March 24, 2009, will be converted to a pre-certification effective March 24, 2009.

INITIATING PRE-CERTIFICATION REQUESTS FOR DME

Pre-certification of Durable Medical Equipment (DME) is a two-step process. Requests for pre-certification must be initiated by an authorized DME prescriber who writes prescriptions for items covered under the DME Program. Authorized DME prescribers include physicians, podiatrists, and nurse practitioners who have a collaborative practice agreement with a physician that allows for prescription of such items. The enrolled DME provider will access the pre-certification initiated by the prescriber to complete the second step of the pre-certification process. All requests must be approved by the MHD. Providers are encouraged to sign up for the MO HealthNet Web tool – [CyberAccessSM](#) - which automates the pre-certification process. To become a CyberAccessSM user, contact the ACS-Heritage help desk toll free at 1-888-581-9797 or 573-632-9797 or send an e-mail to <mailto:MOHealthNetCyberaccess@heritage-info.com>. The CyberAccessSM tool allows each pre-certification to automatically reference the individual participant's claim history, including ICD-9 diagnosis codes and CPT procedure codes. Requests for pre-certification will also be taken by the MO HealthNet call center at 1-800-392-8030. Requests for pre-certification must meet medical criteria established by the MHD in order to be approved. Prior to implementation, [medical criteria](#) is published in [provider bulletins](#) and posted on the [MHD Web site](#). If a pre-certification request submitted through CyberAccessSM is denied, providers may click on the box to have a MO HealthNet call center representative contact them. The call center is available Monday through Friday, from 8:00 am to 5:00 pm, excluding state holidays.

PLEASE NOTE: An approved pre-certification request does not guarantee payment. The provider must verify participant eligibility on the date of service using the Interactive Voice Response (IVR) System at (573) 635-8908 or by logging onto the MO HealthNet Internet Web portal at www.emomed.com.

CLAIM FILING FOR UNDERPADS, DIAPERS/BRIEFS AND PROTECTIVE UNDERWEAR/PULL-ONS

Providers may only dispense and file claims for a maximum of a one month supply of underpads, diapers/briefs or protective underwear/pull-ons per 30-day period of time. Claims filed for quantities in excess of a one month's supply per 30-day period of time will be denied.
